

# UNIVERSITY OF PERPETUAL HELP

## LOCATION

- Name : University of Perpetual Help
- Address : Alabang Zapote Road, Las Pinas City, Manila, Philippines.
- Degree : Doctor of Medicine or MD (Equivalent to MBBS in India)
- Duration : 5½ years after Class XII  
4 years after Bachelors degree (B.Sc. / BAMS / BHMS / BDS)
- Admission: Year round - rolling
- Session : Begins From August to November for International Students
- Medium : English is Medium of Instruction
- To Apply : Send scanned copy of  
Class X Mark-sheet / Class XI Marksheet  
Class XII Mark-sheet (Can be sent later)  
Passport (if available)  
E-mail documents to: [information@nvfoundation.com](mailto:information@nvfoundation.com)

## Dear Parents and Students

It gives us great pleasure to introduce you to Medical Admissions in The Philippines which is ranked amongst the top English Medium Education Destinations in the World.

### Advantages of Education in the Philippines

- ▶ Education facilities are Excellent and of HIGH Quality. Many US educated professionals are teachers and administrators in Philippines
- ▶ USA / American pattern of Education is followed
- ▶ English is the Official Language of the Philippines --100% English Medium
- ▶ Low fees - 50% lower than fees in Private Colleges in India
- ▶ Listed in WHO Directory - Eligible to practice in India post MCI registration
- ▶ Listed in IMED / FAIMER Directory - Eligible to do higher education in USA
- ▶ USMLE - Part I & II can be done in Philippines & students can go to USA thereafter
- ▶ Listed in California Board of Medicine - eligible for jobs in California, USA
- ▶ Easily accessible from India with several daily flights to Philippines
- ▶ Tropical Diseases similar to India - great for clinical training
- ▶ Indian food available
- ▶ Education gateway to countries like USA & UK
- ▶ Philippines has educated & sent 2nd largest number of foreign Doctors to USA
- ▶ Philippines has trained and sent the largest number of Nurses to USA & Canada
- ▶ Over 20,000 foreign students are enrolled in the Philippines opportunities for global growth
- ▶ Opportunities to secure employment and residency in developed countries

### Introduction:

Philippines is located in Southeast Asia. Nearby countries are Taiwan, Singapore, Malaysia, Indonesia.

It comprise of over 7000 islands. The main islands are Luzon, Visayas and Mindanao. Philippines is the world's 12th most populous country with a population of 92 million. The Capital is Manila; a mega city with over 20 million population. Multiple ethnicities and cultures are found through the islands. Cultural influences are from Spain, US, Hindu & Islam. It is thought that The Philippines was part of the Hindu Java Kingdom in 13th Century. 14th century Islam came. From 15th to 18th century it was ruled by Spain & Catholics; followed by America in 19-20th Century, with a brief period of Japanese occupation in World War II.

The dominant religion is Catholic Christianity with 93% of the country following it. A Hindu temple and Gurudwara is located in UN Avenue in Manila. The Embassy of India is located in Manila. Weather: Summer is from March to May. Monsoon is from June to October. November to February is cool with fair weather. Average day temperature, is 22.2 °C to 31.6 °C with humidity at 77 percent.

### Transport:

Manila International Airport has several international flights from many countries. It is the gateway of international flights to Philippines. In Manila Buses, Jeepneys, LRT, and taxis are readily available in getting around the city.

## Introduction

University of Perpetual Help System (UoPH), is a co-education Institution of higher learning located in Las Pinas City; Metro Manila, Philippines. founded in 1975 by Dr. (Brigadier) Antonio Tamayo, Dr. Daisy Tamayo, and Ernesto Crisostomo as Perpetual Help College of Rizal (PHCR). Las Pinas near Metro Manila is the main campus. It has nine campuses offering over 70 courses in 20 colleges. The University inculcates the Perpetualite values, teachings and principles. Graduate of UoPH call themselves Perpetualites with Alumni Chapters in Philippines and USA. The institute was given University Status in 1997 by CHED.

Chairman of the Board is Dr. Antonio L. Tamayo. He earned his post-graduate courses in Hospital Administration at George Washington University in Washington DC, USA.

Vice Chairman is Dr. Daisy Moran Tamayo, who completed her Master's in Nursing from New York University, USA & Ph.D in Organizational Development

The University of Perpetual Help has 3 campuses in Las Pinas, Molino and Calamba. A total of over 20,000 students study in these campuses with over 1000 faculty and support staff.

## Location

The Las Pinas campus has over 12,000 students and houses the Jonelta Foundation School of Medicine. Las Pinas campus is 13 kms from Manila International Airport, 16.9 kms from The Embassy of India in Manila and 18 kms from Makati – the Business District of Metro Manila.

## The Jonelta Foundation School of Medicine

Began in 1996. It offers the Doctor of Medicine or MD degree which is equivalent to MBBS in India and is recognized by the MCI as such. The degree entails full time education in the Philippines. The Degree and the institute is recognized / listed in the following institutions in the world.

# LISTING AND RECOGNITION

## CHED Philippines

UoPH is listed with CHED or Commission for Higher Education which is the Body Regulating Higher Education in the Philippines.

## World Health Organization (WHO)

UoPH is listed WHO Directory or the World Directory of Medical Schools now known as the AVICENNA Directory for Medicine.

## Medical Board of California

UoPH is listed in with the California Board of Medicine. Graduates of UOPH are eligible for licensing in several States in the USA including the State of California after clearing the USMLE and complying With other regulations for licensing and Working in the USA.

## FAIMER - IMED Directory

UOPH is listed in the International Medical Education Directory maintained by FAIMER or Foundation for Advancement of Medical Education and Research - needed in the certification process for licensing in USA.

## USMLE

UoPH students are eligible to give the United States Medical Licensing Examination . This is needed to get a licence to practise in the USA. Recent Graduates of UOPH have been scoring a 100% success rate in the USMLE. Some graduates of UOPH have migrated to the USA after successfully clearing the USMLE and complying with other norms for licensing in the USA.

## General Medical Council - UK

Medical Students graduating from UOPH are eligible to register with the General Medical Council of the UK for licensing and practice after following the due process. The Degree is treated as equal to MBBS in UK.

General  
Medical  
Council

## International Recognition of MD / MBBS Degree

The MD / MBBS / Medical Degree from UOPH Philippines is recognized in the USA, UK, Canada, Australia, New Zealand, Singapore, India and Gulf countries and over 180 countries in the world. Each country has its own licensing requirements. Medical Graduates need to comply with the requirements of the country of their choice in order to get a valid license to practice in that country.

## Medical Council of India

Students from India who enrol in UoPH are eligible to practise in India and get a license from the Medical Council of India after complying with the applicable norms. The MD degree from UoPH is treated as equal to MBBS in India.

### Dean of The School of Medicine

Dr. Harivelle T. Hernando is Dean of The School of Medicine in UoPH; a position she serves with distinction and zeal. Dr. Hernando holds a Ph.D from the University of The Philippines and is a double masters from University of the Philippines, Manila and one from Harvard, USA. She has served as visiting faculty to Harvard University, and University of California - Davis, USA and is an author of several papers. She is an Educator, Doctor, Author and Medical Educator with distinction.

## EXCELLENCE IN EDUCATION

UoPH has made rapid progress in Quality Medical Education and holds a stellar academic record. Its students pass licensing board examinations with a very high success rate in the last 5 year from January 2008 to December 2012 graduate of UoPH has had a 100% pass rate in the USMLE.

The University of Perpetual Help posted a 100% institutional passing rate from January 1, 2008 to December 31, 2012 in the Aggregate Performance of Examinees taking the United States Medical Licensing Examination (USMLE) as announced by the Educational Commission for Foreign Medical Graduates (ECFMG) based in Philadelphia, Pennsylvania, USA.

Perpetualite Medicine graduates who took the USMLE passed **Step 2 Clinical Skills (CS)** stage of the test. In order to pass Step 2 CS, the test takers should have passed all three sub-components which are Integrated Clinical Encounter, Communication and Interpersonal Skills, and Spoken English Proficiency.

The USMLE is a three-step examination for medical licensor in the United States and is sponsored by the Federation of State Medical Boards (FSMB) and the National Board of Medical Examiners (NBME).

**Step 1** of the USMLE assesses whether the examinee understands and can apply important concepts of the sciences basic to the practice of medicine.

**Step 2** assesses the ability of examinees to apply medical knowledge, skills, and understanding of clinical science essential for the provision of patient care under supervision, and includes emphasis on health promotion and disease prevention.

**Step 3** is the final examination in the USMLE sequence leading to a license to practice medicine without supervision.

The USMLE assesses a physician's ability to apply knowledge, concepts, and principles, and to demonstrate fundamental patient-centered skills, that are important in health and disease and that constitute the basis of safe and effective patient care. Each of the three Steps of the USMLE complements the others; no Step can stand alone in the assessment of readiness for medical licensor.

## INFRASTRUCTURE

### Area

Las Pinas campus is on four hectares with offices, lecture halls, anatomy dissection laboratory, animal research laboratory, library, hostel, canteens, play grounds and hospital located in campus, Lecture halls are equipped with the state-of-the-art facilities and are air-conditioned.

### Hospital

University has a hospital - University of Perpetual Help DALTA Medical Centre with over 500 beds. Super specialization in specialties as Nephrology (Kidney transplant) located on the Las Pinas Campus. There are large volume of patients.

## AFFILIATIONS AND LINKAGES

- a. University of Perpetual Help DALTA Medical Centre in Las Pinas.
- b. Bacoor Health Centers in coordination with the Municipality of Bacoor, Cavite
- c. Philippine General Hospital Psychiatry Department
- d. Affiliated AIME Hospitals in Chicago, Illinois for Clinical Clerkship Rotation
- e. Accredited by Medical Board of California
- f. St. Bernard Hospital Loretto Hospital
- g. Holly Cross Hospital
- h. RML. Chicago Specially Hospital
- i. Norwegian American Hospital

### Laboratories

There are modern laboratories with state of the art equipment, which assist students in clinical and practical orientation.

### Auditorium

There is a large modern auditorium for professional and entertainment activities for use of students.

### Wi-Fi and Internet

Available on campus. Students can purchase their own personal internet connection, if needed.

### Library

There is a large well stocked library with medical books and journals.

## CURRICULUM

Students with 10+2 years of education with science background to first enrol in bachelors course for 18 months for equivalency in Philippines. Then they are admitted to the 4 year medical course in compliance with the rules in Philippines.

Students with a bachelors degree are enrolled directly into the 4 year medical program. The four-year medical course generally progresses from the study of the normal to the abnormal human being. Most of the subjects are yearly courses which are taken up for two semesters.

The **FIRST YEAR** covers subjects on Human Anatomy, Biochemistry, Physiology, Preventive Medicine & Community health, Psychiatry and Medical Practice

I. Class lectures are delivered mostly through computers using LCD projectors complemented by slide film showing, laboratory work and group discussions. Pedagogy and Bioethics are incorporated in Principles of Medical Practice.

II. An introduction to medical Informatics is incorporated in Preventive Medicine and Community Health before the Biostatistics session, Problem-based learning is gradually introduced in certain topics in Biochemistry and Physiology.

The **SECOND YEAR** deals with Pathology, Microbiology, Parasitology, Phannacology, Preventive Medicine and Community Health, Psychiatry II and Medical Economics plus introductory courses in clinical subjects, In small groups, students begin to meet patients in actual hospital setting where they are introduced to history taking and physical examination.

The **THIRD YEAR** involves didactic lectures and case presentations on common diseases encountered in clinical practice as well as interesting or rare conditions. Pathophysiology is reviewed while clinical features, diagnostic approaches and principles of management are emphasized.

The **FOURTH YEAR** or clinical clerkship is mainly spent in actual patient care with the JONELTA section of the University of Perpetual DALTA Medical Center serving as the clinical laboratory. Hospital rounds and group discussions give the student a good perspective on bedside manners, diagnosis and management. The clerks rotate through the different clinical departments for 48 weeks with periodic evaluation. The University has arrangement with Govt. Hospitals and the Philippine General Hospital for clerkship.

# CURRICULUM LEADING TO THE DEGREE OF DOCTOR OF MEDICINE

(Traditional - Competency Based)

## First Year

- ▶ Gross Anatomy
- ▶ Physiology
- ▶ Biochemistry
- ▶ Neuroanatomy
- ▶ Histology
- ▶ Preventive Medicine & Community Health I
- ▶ Psychiatry I
- ▶ Principle of Medical Practice I

## Third Year

- ▶ Medicine II
- ▶ Surgery II
- ▶ Pediatrics II
- ▶ Obstetrics II
- ▶ Pharmacology II
- ▶ Preventive Medicine and Community Health III
- ▶ Clinico-Pathologic Conference/ Special Topics in Pathology
- ▶ Gynecology
- ▶ Radiology
- ▶ Psychiatry III
- ▶ Ophthalmology
- ▶ Otorhinolaryngology
- ▶ Legal Medicine/ Medical Jurisprudence

## Second Year

- ▶ General Pathology
- ▶ Medicine I
- ▶ Microbiology
- ▶ Pharmacology I
- ▶ Clinical Pathology
- ▶ Parasitology
- ▶ Preventive Medicine and Community Health II
- ▶ Surgery I
- ▶ Principle of Medical Practice II
- ▶ Obstetrics I
- ▶ Pediatrics I
- ▶ Psychiatry II

## Fourth Year

- ▶ Medicine 10 weeks
- ▶ Pediatrics 8 weeks
- ▶ Surgery 8 weeks
- ▶ Obstetrics & Gynecology 8 weeks
- ▶ Preventive Medicine and Community Health IV 4 weeks
- ▶ Psychiatry 2 weeks
- ▶ Ophthalmology 2 weeks
- ▶ Otorhinolaryngology 2 weeks
- ▶ Radiology 2 weeks
- ▶ Anesthesiology 2 weeks
- ▶ Seminar II

## OTHER COURSES OFFERED IN THE UNIVERSITY OF PERPETUAL HELP

- ▶ College of Arts and Sciences
- ▶ School of Aviation
- ▶ School of Aviation Maintenance Technician
- ▶ College of Business Administration and Accountancy
- ▶ College of Computer Studies
- ▶ College of Criminology
- ▶ College of Dentistry
- ▶ College of Education
- ▶ College of Engineering
- ▶ Bachelor of Science in Civil Engineering
- ▶ Bachelor of Science in Computer Engineering
- ▶ Bachelor of Science in Electronics and Communications Engineering
- ▶ Bachelor of Science in Industrial Engineering
- ▶ Bachelor of Science in Mechanical Engineering
- ▶ Bachelor of Science in Electrical Engineering
- ▶ Flight Cabin Crew
- ▶ College of International Hospitality Management
- ▶ Bachelor of Science in Hotel and Restaurant Management
- ▶ Bachelor of Science in Tourism
- ▶ Jonelta Foundation School of Medicine
- ▶ College of Law
- ▶ College of Maritime
- ▶ BS in Marine Transportation
- ▶ BS in Marine Engineering
- ▶ BS in Naval Architecture and Marine Engineering
- ▶ Bridging Program: BS in Mechanical Engineering / BS in Electrical Engineering
- ▶ Marine Engineering
- ▶ College of Medical Technology
- ▶ College of Nursing and Midwifery
- ▶ College of Pharmacy
- ▶ College of Physical & Occupational Therapy
- ▶ College of Radiologic Technology
- ▶ College of Respiratory Therapy
- ▶ Robotics
- ▶ College of Tourism

### **Sports and Athletics**

The University is a member of National Collegiate Athletic Association (Philippines) since 1984. There is an athletics track, an indoor basketball court, lawn tennis, table tennis. Several games are played on campus. The University team participates in inter-University competitions.

### **Hostel**

There are three hostels on campus with a fourth hostel under construction, Rooms are air-conditioned. Off Campus Housing

There are plenty of off campus housing options available within 2 kms of the University, Students can also get low cost flats where the rentals are as low as \$ 50 a month on sharing basis.

### **Canteen**

There are many canteens and eateries in and around the Las Pinas Campus. This includes three canteens offering Indian food both north Indian and South Indian food.

Visit of the Ambassador of INDIA to UoPH, Manila Campus. The Ambassador of India to the Philippines, His Excellency Amit Dasgupta, visited the University of Perpetual Help System DALTA Las Pinas campus on May 7, 2013. He was given a tour of the Campus, facilities and met students from India enrolled in various courses of UoPH.

# Comparison of MBBS in Philippines with other Countries

## PHILIPPINES

## CHINA / RUSSIA / UKRAINE ETC

- |  |  |
|--|--|
| <p>1. Language Advantage: Biggest advantage of Philippines is English. Just as Indians are educated in English as India was a colony of UK; Philippines was a US colony. English is an official language in Philippines. School is in English from class I – like in India</p> <ol style="list-style-type: none"><li>No new language needed to be learnt.</li><li>Time is spent on medical education and not on language: Better Education!!</li><li>94% of population speaks English. Students converse with patients fluently – unlike in non English speaking countries.</li><li>Teachers speak English and can explain well to Students – no communication problems.</li></ol> | <p>1. Local Language is not English: Students from India going to China, Russia, Ukraine, Armenia, Georgia and other non English speaking countries need to learn the local language in order to talk to patients &amp; locals.</p> <ol style="list-style-type: none"><li>Need to pass a competency test in the local language – Chinese or Russian</li><li>Time spent in study of local language</li><li>Difficult to understand what patients say. Improper learning.</li><li>Teachers know Chinese or Russian. They are NOT fluent in English &amp; cannot explain subject properly to the students. Many student complaints on this issue.</li></ol> |
| <p>2. US &amp; International Job Advantage: Philippines is the largest supplier of trained nurses &amp; Doctors to USA &amp; several other countries.</p> <ol style="list-style-type: none"><li>Strong culture of giving USMLE &amp; going to the US for jobs is an added advantage of Philippines.</li><li>Alumni work in USA, UK, Singapore, Gulf etc. Good for networking and linkages for jobs.</li></ol>  | <p>2. Little International Exposure</p> <ol style="list-style-type: none"><li>There is no culture of going overseas for jobs in China, Russia or Ukraine.</li><li>Few students from these Countries go overseas for medical jobs – no strong alumni base or linkages</li></ol>   |
| <p>3. Superior Quality Education:</p> <ol style="list-style-type: none"><li>Teachers are all fluent in English</li><li>Some Teachers are US educated and can offer guidance and advise on overseas careers.</li><li>High standard of education compared to non English countries.</li></ol>  | <p>3. Poor Quality of Education</p> <ol style="list-style-type: none"><li>Teachers native language is Chinese or Russian. They teach in badly accented English.</li><li>Local Teachers are not good guides for overseas careers due to limited exposure.</li><li>No gearing for USMLE. Standards are lower as compared to Philippines</li></ol>  |
| <p>4. Tropical Country: Philippines a tropical country.</p> <ol style="list-style-type: none"><li>Diseases common to India are found in Philippines</li><li>Ease of Living – similar temperature to India</li></ol>  | <p>4. Temperate countries with snow</p> <ol style="list-style-type: none"><li>Students do not get clinical exposure to tropical medicine</li><li>In winter there is snow fall and the temperature falls to <math>-20^{\circ}\text{C}</math>.</li></ol>   |
| <p>5. Many Patients: During hospital work medical students get exposure to many patients in Philippines.</p>   | <p>5. Limited Access to Patients &amp; Language Barrier: Language barrier, hence students have limited access to patients.</p>   |
| <p>6. Low Fees: Fees are low. It takes only 5 years and 6 months to complete. Very affordable Education</p>  | <p>6. High Fees: China / Russia is more expensive and take longer to complete i.e. around 6 years, so cost of life is more.</p>  |
| <p>7. Clinical Rotation in USA Possible:</p> <ol style="list-style-type: none"><li>Clinical rotations in USA are counted in your grade. Exposure from US Hospital helps in jobs in the USA after USMLE.</li><li>University or Agents help you arrange for clerkship or you can arrange yourself in the USA.</li></ol>  | <p>7. No facility of clinical rotations overseas. Teachers in China, Russia &amp; Ukraine have limited exposure to the USA and cannot guide you in this matter.</p>  |
| <p>8. Makati, Metro Manila City:</p> <ol style="list-style-type: none"><li>Cosmopolitan city with modern facilities</li><li>Students feel at home. Many tourists. Traditionally the locals welcome foreigners. Everyone knows English</li><li>Getting visa is very easy</li><li>Food: Many cuisines including Indian is available.</li></ol>   | <p>8. Not in Capital</p> <ol style="list-style-type: none"><li>Not easy to travel due to the language barrier in China, Russia or Ukraine.</li><li>Not all countries have a strong tourism base.</li><li>Visa issue is more complicated.</li><li>Indian food is not available.</li></ol>   |

# Why University of Perpetual Help?

University of Perpetual Help System Dalta (UPHSD) has been providing quality education for more than 40 years. We nurture students to become accomplished professionals who get employed not only in the Philippines but also abroad. We focus on the total development of our students, beginning with character building to mastery of skills, thus enable our graduates to get ahead in their careers.

## Quality Education Program

We ensure high quality education to make students more competent. Our experience in the past forty years have allowed us to develop a comprehensive curriculum that allows students to understand and master the subject matter fully, enriching their learning experience.

We own and maintain a tertiary teaching and training hospital where students learn and acquire skills required by their healthcare professions. Our students are surrounded in an environment that encourages proficiency in their chosen field. This immersion in a workplace environment creates graduates that are mentally and emotionally ready to face the challenging demands of the real world.

UoPH graduate emerges at the top ten of certified board exams. We work hand in hand with our students to ensure that they learn for understanding, from the classroom to the review session, and this is clearly reflected after they graduate.

## Competent & Caring Faculty and Administrators

From Justices to former Coast Guard Commandant, our faculty is a diverse group of educators, professors,

industry professionals, and prominent personalities in the country.

They are not just teachers but they are also friends, consultants, advisors, and mentors who nurture students to develop their full potential.

Theoretical knowledge and applied training are delicately balanced thus providing a holistic approach to learning.

## Modern Equipment & Facilities

The university continually updates its modern facilities and equipment to prepare students with the required skills for evolving industry needs.

Maritime students train using a full-mission bridge simulator. The impressive CIHM building and its facilities are designed specifically to simulate realistic HRM and Tourism settings.

## Local and International Affiliations

The University has established local and international linkages with prestigious institutions to further enhance the skills, competencies, and professional network of our globally competitive students to help them jumpstart their careers here and abroad.

## Vibrant Social Community

The campus allows for an individual to fully develop his potential. There are several school organizations created that address a varied range of interests.

This provides balance in a student's life that makes their campus life more interesting. Our involvement in sports such as the NCAA provides the student a sense of pride and identity in the athletic community.

## STEPS FOR ADMISSION

**Step 1** Eligibility :  
Passed / Appearing 10+2  
Minimum 50% (40% for SC/ST/ OBC) in PCB

**Step 2** Submit Application Form  
with ₹ 10,000/- registration fees

**Step 3** University Issues Admission Letter

**Step 4** Deposit partial tuition fees of  
\$ 4300 in University Bank Account  
for confirmation of seat

**Step 5** Documentation + Visa Processing  
Pay second installment and submit documents  
for Visa Processing

**Step 6** All student will get SIM Card of Philippines  
and pen drive containing MBBS material worth  
more than ₹ 1,00,000/-

**Step 7** Fly to Philippines in a group

**Step 8** We will provide assistance during airport pick  
up and admission into college
